Sans Digital A1226T2 Quick Start Guide

Overview: Thank you for purchasing Sans Digital product. A1226T2 is the most complete Thunderbolt 2 to 12Gb/s SAS box with RAID control capabilities solution for both PC and Mac. A1226T2 is equipped with dual Thunderbolt 2 ports for connecting to any Thunderbolt 2-enabled host such as the new Mac Pro, and offers an additional Thunderbolt 2 port for daisy-chaining other peripherals. The 12Gb/s SAS is designed for backward compatibility with 6Gb/s and 3Gb/s SAS/SATA hard drives. The 12Gb/s SAS interface supports both 12Gb/s SAS disk drives for data-intensive applications and 6Gb/s SATA drives for low-cost bulk storage of reference data. AC-SAN-A1226T2 only support directly attach to 4/8 SAS/SATA drives without supporting the expand function.

Getting Started

A1226T2 is plug and play and ready to use. Connect the bundled Thunderbolt cable to your MAC OS host and install the driver for your MAC OS.

Note: Unit will not power up until Thunderbolt port is connected.

Ethernet Port
