Sans Digital Introduces 5-Bay Hard Drive Organizer – HDDRACK

City of Industry, CA – April 29, 2008 – Sans Digital, a leading provider of high performance storage subsystems, is introducing a series of innovative storage gadgets to the storage market, which includes the newly designed 5-bay storage device that is unlike any of the previous Sans Digital's products – Hard Drive Rack HDDRACK5.

The Sans Digital Hard Drive Rack HDDRACK5 is the latest innovation product for hard drive storage and organization. Each HDDRACK5 unit houses up to five hard drives by using easy to install turnbuckle screws. Each hard drive connects to the motherboard via an IDE or SATA cable. By adding a 20-pin or 24-pin ATX power supply, the HDDRACK5 supports centralized power control via a built-in ON/OFF power switch. Designed with a 4.7" cooling fan and a hollow aluminum frame, the HDDRACK5 provides the most efficient heat dissipation.

With the hard drives within easy access, the HDDRACK5 is suitable for loose motherboard testing or open case computing environments. When more rack space is needed, the HDDRACK5 is expandable to 10-bay by stacking an additional HDDRACK5 on top and securing it with a tool-less screw. "The HDDRACK5 not only allows users to store hard drives in an organized fashion, but it is also a unique storage gadget for hard drive data access," stated Grandy Chen, Sans Digital's President. "The ease of use and versatility of the HDDRACK5 is what makes it an advanced hard drive organizer." For more details on the HDDRACK5, please visit: <http://www.sansdigital.com/hard-drive-organizer/hddrack5.html>.

About Sans Digital

Sans Digital is a brand of high capacity, multi-functional advanced storage products. Sans Digital offers hot-swappable JBOD and RAID products for direct attached storage, network attached storage, and storage area network. Sans Digital's single unit towers are designed with mobility in mind to be used in a personal and home environment, while its rackmounts are widely popular in enterprise settings. Sans Digital is a storage solutions provider to consumers, businesses and institutions across the world.
